An Interesting Budget of News of General Interest.

FOREST CITY, Pa., March 2.—Forest City, with its 4,500, more or less, inhabitants, is the second town in population in Susquehanna county, and has never been represented in the political offices of the county. But we are going to have a candidate in the field for the office of representative for this county in the person of genial Thomas Brown, sr., whose friends everywhere are enthusiastic in his support.

Mr. Brown is a good choice and is fully qualified for the position—a man of clear judgment, with a cool consideration in deliberating on any question, and one of the best judges on any knotty questions that ever took a place in the Forest City borough council, of which body he was the president for four years.

Charley—Oh, that's easily enough disposed of. Used to be the same way myself, but I caught on to the trouble one day, and got rid of it in no time.

George—What was it?

Charley—Simply blood eruptions. Took a short course of P. P. P. I tell you, it's the best blood corrector. Some Cheap Soups.

Take a few cents' worth of bones of beef, slowly stew, add some salt, pepper and mace. Thicken this with medium sage. Either carrots or onions, or both, may be added. For the sage you may substitute several small suet balls, and so produce a different soup. If the broth be made from mutton bones instead of beef, salt, pepper and a very little oil may be added, or a little pearl barley if the soup be for children.

Buy a ham bone, stew it well, add a pint of dried peas, some mint, pepper, salt, etc., to suit respective tastes. This you will find very good. To any of the above add any bones remaining from meat used in the house. Bits of gristle, etc., are excellent helps in making a good soup. In curving beef out of the gristle, lay it on the side of the dish and take care to add it afterward to your soup.

Neapolitan Candy.

Nothing can be prettier than a Neapolitan candy, which is made by rolling out six distinct layers of chocolate, orange, vanilla, strawberry, maple and lemon, and laying them one on top of the other and then cutting in squares and laying on plates until dry. Sometimes nuts are placed on top and frequently nut creams are substituted for the lemon layers.

I Could Not Live Long

So Thought the Neighbors

But Hood's Sarsaparilla Perfectly Cured Muscular Rheumatism.

"C. I. Hood & Co., Lowell, Mass."

I had muscular rheumatism for twelve years. I took many remedies that were suggested, and was treated for three months at the hospital at Bethlehem, but did not realize any relief. Finally I decided to try Hood's Sarsaparilla. After taking one bottle I was surprised at its success. I followed the directions and it helped right along. I had the worst kind of rheumatism, the pain being most severe in the joints of my hands and limbs. I could not use my right arm even to cut a slice of bread. The neighbors thought I could not live long.

I looked so thin, and I wished myself many times that I was in heaven, I was so tired of life. No tongue can tell the pains I suffered. But since taking Hood's Sarsaparilla all is changed.

I can sleep well at night, something I have not done for ten years. How thankful I am for the good I derived from Hood's Sarsaparilla. My friends wonder at the change." Mrs. L. S. BATES, Wrentham, Pennsylvania.
